1. Review agenda for addition, removal, or adjustment of any items per 1 V.S.A. §312(d)(3)(A). There were no adjustments.

II. Public Forum.

1. Ian Albinson asked about the Lower Notch Road section that is not paved and is it scheduled to be paved. It is not scheduled to be paved at this time. Ian Albinson asked about the Rec Center piece of land the Selectboard is considering to purchase. Peter Coffey said there is an agreement being written up, but is pending voter approval. Cecil Foster expressed concern about the coin drop on the 4th of July and thinks it is not in the town's best interest. The road is already closed for the outhouse race and parade and traffic is already backed up.

III. Schedule Appointments.

1. 7:00 p.m. - Fire Chief Brett LaRose: Request for use of Capital Equipment Reserve funds to purchase portable scene lighting units and request for use of Technology Reserve funds for the purchase of two refurbished laptops and a printer. Peeker Heffernan moved to purchase the lighting from MES for \$1,915 coming from Capital Equipment Reserve Fund. Michelle Perlee seconded, so voted. Valerie Capels mentioned putting the money through a VLCT PACIF grant, but that wouldn't be until August. Michelle Perlee moved to approve the purchase of two laptops and a black and white printer from Chris Morris from the Technology Reserve Fund. Joel Bouvier seconded. So voted.

Michelle Perlee moved to approve the estimate of \$3,250 to Sargent Construction to pour a walkway to the handicap fishing platform at Eagle Park. Peeker Heffernan seconded. So voted. Ted Lylis voted no.
3. 7:30 p.m. - Public Hearing - Water and Sewer District Annual Meeting. Acting as the Water Commission and Sewer Commission, consider and act on the proposed Water Dept. and Sewer Dept. budgets. The Board discussed how they may fall short with revenues vs. expenses this year. Jen Myers said it's difficult to connect with consumers to replace their meters and schedule a time to replace them. Joel Bouvier suggested maybe replacing fewer meters and doing a hydrant or two per year instead of 150 meters per year. Jen Myers mentioned that the

\$270,000 number may have included Woodland Apartments and expected it to be hooked up already, which they are not. She suggested to lower the revenue due to Woodland Apartments then the expenses would be lowered as well. There was agreement to get more information and move the water discussion to the next meeting on June 25, 2018. There should also be discussion about increasing connection fee.

Jen reported that sewer should meet the user fees. Joel Bouvier said Cyrus Marsano had suggested maybe pumping twice per year rather than once per year. This would reduce the water that needs to be added to the sewage to then pump it out. Jill Marsano (VTums) will look into pumping the sewage twice per year. Joel Bouvier moved to continue the Water and Sewer District Meeting at 6:30 p.m. on June 25, 2018. Michelle Perlee seconded. So voted.

IV. Regular Business.

1. Police Chief Review Committee: discussion on status of the Police Chief recruitment process. Ron LaRose, Jim Quaglino, Terri Mayer Thomsen, and Helen Macicjewski joined the discussion, who are on the Police Chief Review Committee. Members of the Committee expressed a number of concerns about lack of a clear charge from the Selectboard, the process in which the Police Chief position was advertised, the salary offered, the length of time the process is taking, the process for completing background checks, issues about confidentiality and integrity, and feeling as though the process has been short-circuited. Their request for an extension of 30 days and to start the process over was not supported by the Selectboard.

2.

There was discussion about moving forward with a background check on each of the two finalist candidates. Ted Lylis reported the New England Police Chief Association said the Board should not have a Police Chief Review Committee conduct the background check. The Board will advise the Police Chief Review Committee further.

3. Consider final details of the agreement with Vermont Gas Systems. Discussion and small wording changes were made to the agreement. Michelle Perlee spoke with Alan Huizenga and he advised not to negotiate on the "Clerk of the Works". The last section regarding ordinances was removed since the town already has an ordinance. There was a consensus of the Board they are happy with the language and will send to VGS for their changes.

Fred Schroeder explained he is now proposing a horseshoe shaped driveway to accommodate one-way traffic flow and parking related to his landscape business. Joel Bouvier moved to approve the curb cut with an entrance to one end and the exit on the other with the land owner selecting which end. Peeker Heffernan seconded. So voted.

12. Town Administrator's report. Valerie Capels shared a reminder of the lister meeting this week and next week, which were published previously. She reported that we made it past the FEMA deadline date successfully. The amount to be reimbursed is much less than originally thought; it will be in the area of \$11,000.

There are nine applications for the Rec Department assistant position. She, Meridith McFarland, and Brian LaClair might begin interviews sooner than the deadline. The goal is to have a recommendation to the Selectboard by the June 25 or June 27 meeting.

The contractor for painting the Bristol band stand is proposing to pressure wash June 27th and begin painting on June 28th,. It is unclear if they are planning to work on July 2.
