Hello Valerie and Susan,

As mentioned, below DeBisschop plans on starting after Thanksgiving. This should give them approximately 3 weeks before the December 15 deadline. They anticipate that the main pipework will be done in 1 week, with the second week being testing/connections/cleanup/etc. (leaving the 3rd week as a buffer).

I talked with Cyrus yesterday to give him the update on schedule – he said he is leaving December 8, but can have one of the other employees on-site if needed (with DeBisschop's anticipated schedule, they should be done by Dec. 8 anyway).

Lastly, ANR emailed me yesterday and said that the final permit should be issued end of this week.

Hello Valerie,

It is fine for you to address these questions to me - I am finally feeling less overwhelmed. :)

I am signing the contract with DeBisschop on Tuesday and they are planning on doing the construction starting AFTER the week of Thanksgiving.

Tyler reports that : The final permits seem to be “stuck” in the ANR blackhole right now as well. He'll keep bothering them every week or so.

Kindly,
Susan

Good afternoon Valerie,

Thanks for passing along the approval. We'll be in touch with the Division prior to construction to give them an update on timing/scheduling/etc.

We'll keep you/the Town in the loop as well. Hopefully it all goes smoothly!

Thanks again,

Hi Susan and Tyler,

The Selectboard/Water Commission approved the water connection application at Monday's meeting. Thanks for providing the excellent application information. The Selectboard wanted to be sure that the two-week notice to the Division prior to substantial completion for the permit to operate was not overlooked. That should be interesting since you thought it was only going to be a two week job.

I hope everything goes super-smoothly going forward!

Excellent! I will have the connection application on the Sept. 17 Selectboard/Water Commission agenda for their approval.

Hello Valerie,
Yes we have a contractor.
Thank you, Susan

Hi Susan and Tyler,

Congratulations!

How did the bid results turn out? Was successful bidder found?
