Hi Valerie,

Congratulations! I've attached the FEMA-approved version of the plan, along with the sheet that they would like signed by the Select Board (and a witness to attest). If you can get a scan of the single page back to me after they sign it, I can reassemble and send it to FEMA.

In addition, there is funding approved for us to convert the All-Hazard plan into a resiliency section of the Town Plan (Element 12(A) and (B), as described here: <https://legislature.vermont.gov/statutes/section/24/117/04382>). So I will be proceeding on that and will have that to the Select Board for comments/approval in the next couple months.

Thanks for all your work on this!

-Andrew L'Roe

Congratulations Andrew and Valerie! Once the plan has been adopted by the town, please return the final plan with signed adoption to me and I will send it along to FEMA for their formal approval.

Best,

Stephanie A. Smith

Importance: High

Dear Official,

FEMA Region I has completed its review of the Bristol, VT Hazard Mitigation Plan and found it approvable pending adoption. With this approval, your jurisdiction meets the local mitigation planning requirements under 44 CFR 201 **pending FEMA's review of the Adoption documentation and Final Plan.**

The Final Hazard Mitigation Plan and Adoption documentation **must** be provided to your **State's Mitigation Planning point of Contact** who will forward them to FEMA. Upon FEMA's receipt of these documents, a formal letter of approval will be issued, along with the final FEMA Checklist and Assessment.

If the plan is not adopted within one calendar year of this notice, the jurisdiction must update the entire plan and resubmit it for FEMA review.

Thank you for submitting the Bristol, VT Hazard Mitigation Plan and congratulations on your successful community planning efforts.

Sincerely,

Melissa A. Surette, Senior Planner
Risk Analysis Branch, Mitigation Division

FEMA Region I
99 High Street
Boston, MA 02110
